ARTICLE 22—OTHER BUSINESS

Rising Vote of Thanks given to Edward Moulton, Outgoing Selectman; and George Guptil, Retiring Water Commissioner for many years.

Vote of thanks given to Lyman Hammond, Jr. for highway maintenance.

A motion was made by Leo Bourgault and duly seconded by Warren Clifford that a committee of nine, consisting of Selectmen, Water Commissions, and three additional citizens of Raymond to work with the Water Department in regards to the survey new being made; and to evaluate their recommendations and report their findings to the Townspeople at the earliest Town Meeting whether it be regular or special.

Vote in Affirmative.

REPORT OF HIGHWAY AGENT

TARRING:

This year's tarring budget was spent with the following sections being swept, patched and seal coated: Lane Road, Prescott Road, Cemetery, Melody Lane, Batchelder Road, Freetown Road, Governor's Lake Road, Long Hill Road, Scribner Road, Harriman Hill Road, Green Road, parking area beside library.

MORRISON ROAD:

Much work was done on this road, tree cutting, drilling and blasting, four culverts installed and a gravel surface. The old road bed measured in several places eleven feet in width. We now have at least thirty feet. However, this road does need more gravel in the spring.

BATCHELDER ROAD:

A bad ledge curve was taken care of last summer consisting of drilling, blasting, removal and hauling of ledge. Then a badly needed culvert was installed at the location of Mr. Erwin's. Thanks go to Manchester Sand and Gravel for the donation of their bulldozer for the installation. Both places were graveled and tarred.

BLUEBERRY HILL ROAD:

The bridge railings that were in such poor condition were re-set, welded and painted. Fill was hauled from the project on Batchelder Road and placed at bridge abutments at narrow and dangerous points. A minimum amount of gravel was hauled and spread on the road.

TOWN ROAD AID PROJECT:

Our project this year will be on the Green Road; a distance of twenty-seven hundred feet has been accepted. This project should be completed by late summer.

EQUIPMENT:

We are in the second winter with the town Hough. There are over seven hundred hours on it. We have not had any serious problems with it. It has done a good job both plowing snow and gravel loading. The grader should have some work done on it. We will have to buy two new tires for it this spring.

MAINTENANCE:

The Highway Department now has a maintenance building. I would like to take this opportunity to thank Harold Berk for giving to the town for the highway department, a part of his land for the building. I feel we have a fine building and a very good location.

I would like to thank Josiah Gordon and Gordon Cammett for working on this building. When we get things better organized we will appreciate it even more.

I take this opportunity to thank the selectmen and town treasurer for their work and interest they have given this department. I thank the men who have plowed, salted and sanded our roads, and cleaning up main street. Also the citizens and taxpayers for their continued co-operation.

Respectfully submitted,

LYMAN R. HAMMOND, JR.

Highway Agent

REPORT OF TRUSTEES OF DUDLEY-TUCKER LIBRARY

As might reasonably be expected with an unchanged organization, there has been little change in Library services. The few changes will be noted briefly.

As an economy measure, the State Library has discontinued the system of centralized book purchases. This leaves us no choice but to buy through the various book stores. While this is somewhat less satisfactory, we have adjusted to the practice. No great change in prices seems to be involved.

The Librarian and Trustees continue to attend book meetings for the selection of books and Library Association meetings. These are generally helpful.

A check for \$100.00 has been received from the State Library for the purchase of additional reference books. Since this was received too late in December for action in 1969, it will be reported and used in 1970.

A gift of 40 phonograph records has been received from RCA and Camden Records. These include classical, popular and rock and roll music. These are available for general circulation and will be charged out in the same manner as books.

The Service Center Library setup is getting into action. As far as Raymond is concerned, books not available in the Dudley-Tucker Library can be obtained from the Manchester, Exeter or Portsmouth Libraries. Application for such books should be made to the Librarian, Mrs. Wason. As in the past, books can also be borrowed from the State Library.

The Service of "Talking Books," originally set up solely for the blind, has now been extended to assist any incapacitated person. The phonograph player and a wide choice of records will be available for home use without any expense to the user. It is understood that there will be considerable explanatory publicity on this service before this report is printed. Application should be made to the Librarian or any Trustee, any of whom will be glad to help. We think this will be a very helpful service for "shut ins."

We invite and urge all to make increased use of the Library.

Respectfully submitted,

FRANCES HALL

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

FIRE PERMIT

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

EXCEPTIONS

Commercial or industrial burning is allowed any time under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

PENALTIES

1. For kindling a fire without a permit. Maximum of \$200.00 fine, or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands, the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

Fires reported - State	453

Fires reported - District	167
---------------------------	-----

RAY SMITH

Forest Fire Warden

RALPH STEVENS

District Chief

The Selectmen, my Deputy Wardens and myself want to thank the People of Raymond for helping us for preventing forest fires in the year 1969.

The Town of Raymond had only 11 small fires with only three acres burned. Thanks again.

Warden RAYMOND H. SMITH

SYNOPSIS OF NEW HAMPSHIRE FOREST FIRE LAWS AND REGULATIONS

FIRE PERMIT

A fire permit is needed for all outdoor fires in or near woodland any time the ground is not covered with snow. This means household waste burning, even if in a barrel, grass burning, garden trash as well as brush burning in clearing operations. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

EXCEPTIONS

Commercial or industrial burning is allowed during the day with permission of the district chief and a permit from the fire warden.

Household waste burning, with a permit, is allowed on rainy days between 9:00 a.m. and 5:00 p.m.

Camp or cooking fires are allowed on your own property on notification to the warden. On another's property with written permission and notification of the warden. The warden can forbid such fires if intended in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the ranger stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

ESCAPED FIRES

If a fire escapes from your control, whether or not you have a permit, you are liable for the costs for control and extinguishment. If you start a fire ille-

gally there is the additional chance of a fine. The landowner may also recover his loss or damages from the fire.

It is unlawful to drop or throw burning material in wooded areas.

Anyone seeing an uncontrolled and unattended forest fire is bound by statute to report it.

PENALTIES

1. For kindling a fire without a permit. Maximum of \$200.00 fine or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.00
5. For smoking or kindling a fire in woodlands when a ban on the same has been proclaimed, a maximum fine of \$25.00

RAYMOND FIRE DEPARTMENT

B. A. Chase, Chief

As most of you know, Chief P. A. Fox retired last April due to his health and I was then elected by the Firemen and appointed by the Selectmen to be Chief of the department.

The following is a brief report of the activities of the Fire Department for the year 1969.

We had a total of 64 alarms (29 bell or outside alarms and 35 still alarms). These alarms were as follows:

- 12 Dwellings
- 5 Car fires
- 21 Grass and brush fires
- 8 Mutual Aid calls
- 3 Lost persons
- 2 No school
- 7 False alarms
- 3 Animal rescues
- 3 To wash gasoline from road after car accidents

These fires involved property at an estimated value of \$98,950.00, with an approximate loss of \$16,610.00. The largest loss this year was the Maple Hill Barn fire, but we can be thankful that we had a large waterhole to pump from and, with the prompt Mutual Aid from Fremont and Candia, we were able to save the house and outbuildings.

I would like to take this opportunity to thank the Members of the Fire Department, selectmen, police

department, members of the Ambulance Association, Red Phone Operators and all the citizens who aided us with their personal assistance. The cooperation of all these people makes a Chief happy in knowing that he has this sort of backing when he most needs it. All this assistance and teamwork has helped to make my year a great deal easier.

Respectfully submitted,

B. A. CHASE, Chief

POLICE DEPARTMENT
TOWN OF RAYMOND, NEW HAMPSHIRE

It is my privilege to prepare my ninth annual report of the activities of the Raymond Police Department.

The year 1969 was without a doubt the busiest and hardest year since I was elected to the position of Police Chief nine years ago.

Every phase of work performed by a police department has increased and recent court rulings have done nothing but put a larger burden on the shoulders of every police department in the country. Considering all the factors involved I feel your police department has done a good job. Eight new men were added to the department this past year and two more men attended and graduated from the Rockingham County Law Enforcement Academy.

With the addition of more men we were able to have an officer on duty on Main Street on Saturday and Sunday mornings during the summer months. Also the use of two men in the cruiser on Friday and Saturday nights during the busy hours has been continued. The use of two officers at school dances has been adopted for better security in this area.

Motor vehicle accidents took a large jump in 1969. I hope with the addition of two new radios and the conversion of two more radios owned by the town that possibly we will be able to hold these accidents to a minimum in 1970. With the base station at my home and five mobile units we have one of the best communications systems in the area for a small town.

One of our major problems this past year was malicious damage. In most cases persons responsible for this damage were apprehended and prosecuted. A considerable amount of restitution was made. I hope improvement can be made this coming year along these lines. Property damage is a serious problem everywhere.

It will be noted in our budget an increase due primarily to the replacement of the present cruiser. The present car was obtained three years ago and by the time it is replaced it will have approximately 80,000 miles on it. It is the general feeling that now is the time to replace it before it costs as much to maintain as it would to replace. The cost of replacement based on a three year period is minimal.

I would like to take this opportunity to thank Deputy Chief Robert Elliott, Robert Richard, Orris Larrabee, Vance Ryan and other Special Officers, the Selectmen, the Raymond Ambulance, the Raymond Fire Department and every citizen in Raymond whose support we need to make this department function properly and smoothly.

Respectfully,

JOHN A. HARNEY
Chief of Police

REPORT
OF AN EXAMINATION AND AUDIT
OF THE
TOWN OF RAYMOND
FOR THE FISCAL YEAR ENDED DECEMBER 31, 1969

Hunt's Accounting Service
5 Morningside Drive
Hampton, New Hampshire

HUNT'S ACCOUNTING SERVICE

5 Morningside Drive

Hampton, New Hampshire

February 5, 1970

Board of Selectmen
Raymond, New Hampshire

Gentlemen:

Submitted herewith are the results of an examination and audit of the Town of Raymond, for the fiscal year ending December 31, 1969.

SCOPE OF AUDIT

All officers of the Town were audited including the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Water Department, Library and Cemetery Trustees.

FINANCIAL STATEMENTS

Exhibit A-1 is a Balance Sheet as of December 31, 1968 and December 31, 1969. The Liabilities exceed the Assets making a Net Debt of \$67,184.64. The financial condition of the Town is very good. Exhibit A-2 shows the changes in financial conditions between 1968 and 1969. Exhibit A-3 is the appropriations as raised by the Town vote, expenditures, unexpended balances and overdrafts. Exhibit A-4 is a Statement of Revenues and Budget Summary. The net budget surplus for 1969 was \$9,030.77, a commendable figure for these times.

DEPARTMENTS

Exhibits B-1 through H show summaries of each department's receipts, expenditures and proof of balance. All monies were accounted for by checking expenditures, receipts and reconciling with depository banks.

GENERAL COMMENTS

All records are in excellent condition. The Town citizens should be proud of the officials in office at this time. Your auditor has criticized many in the past, but he congratulates all the officials this year, for the excellent work they have done.

Respectfully submitted,

HERBERT E. HUNT, Auditor

Hampton, New Hampshire

CERTIFICATE OF AUDIT

February 5, 1970

This is to certify that the accounts and records of the Town of Raymond, New Hampshire, have been audited for the fiscal year ended December 31, 1969.

All monies were accounted for by verification of receipts, expenditures and checks issued were reconciled with the depository banks.

Respectfully submitted,

HERBERT E. HUNT, Auditor

Raymond
Town Warrant for
1970

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Raymond Fire Station in said Raymond on Tuesday, the tenth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what action the Town will take relative to the playing of Beano in the Town of Raymond.
4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to authorize the Board of Selectmen to sell at public auction any property acquired by Tax Collector's deeds.

6. To see if the Town of Raymond is in favor of a three year term for the Chief of Police.

7. To see if the Town of Raymond is in favor of a three year term for the Highway Agent.

8. To see whether the Town will vote to authorize the Selectmen to accept as a Town Road the road known as Essex Road upon compliance with all of the provisions of a certain Return of Lay-Out of a Highway dated December 16, 1968, by Thomas P. Welch and Margaret E. Welch.

9. To see if the Town of Raymond wishes to exclude from the plan service in any class or classes of positions of Election officials or election workers for a calendar quarter in which the remuneration paid for such services is less than \$50.00.

10. To see if the voters of Raymond will authorize the Selectmen to add the two adjoining lots to the present Veterans Cemetery lot.

11. To see if the Town will vote to raise and appropriate the sum of Five Hundred dollars (\$500.00) for the purchase of office equipment for the Selectmen's office.

12. To see if the Town will vote to raise and appropriate the sum of One Thousand dollars for tarring the avenues in the New Pine Grove cemetery.

13. To see if the Town will vote to raise and appropriate a sum of money for the purpose of tarring Morrison Road and for blasting and removal of ledge on other town roads that may either be considered

hazardous or that may keep plowing equipment from clearing snow the full width of pavement.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and seventy.

JOSIAH R. GORDON
GORDON A. CAMMETT, SR.

REPORT OF THE TRUSTEES OF TRUST FUNDS

The Cemetery activities of the Trustees have continued as in the preceding year. This work has consisted of the use of Cemetery Trust Funds for perpetual care and (by direction of the Selectmen) the handling of the \$650.00 Town appropriation for Pine Grove Cemeteries. This appropriation was used for Spring clean-up, mowing for Memorial Day, mowing the avenues and brush cutting. We trust and believe that our townspeople have generally approved the results.

We were fortunate on two points: This year's weather made less than ordinary mowing necessary and no repairs to the water system were required. With the savings from these two items we were able to do considerable brush cutting around new Pine Grove Cemetery. We hope to burn over this area early next Spring which should result in a very appreciable improvement.

Quite a few holes were filled with loam, fertilized and reseeded. A considerable amount of lime was applied.

A few of the gravestones are beginning to tilt over. We hope to correct these during 1970.

In the Fall we regularly remove flowers, especially those in breakable pots, from the graves. This is done partly to maintain appearance but also to avoid the necessity later of picking up broken glass and pottery. In 1969 this was done at about the usual time. Unfortunately for us, the first killing frost came very much later. We regret the distress felt by at least one of our townspeople.

During 1969 six new trusts, totaling \$915, were established for Perpetual Care. The trust fund for

the Single Space Section of the Cemetery has been increased to \$570 (\$15 for each space sold is allotted to Perpetual Care).

It may be noted from the Treasurer's report that the total expenditure for Perpetual Care was \$1,164.-52. This compares with \$1,454.82 in 1968 and \$1,327.84 in 1967.

By direction of the Selectmen, considerable improvement was made in the Lane Cemetery. After the Spring cleanup a power mower can be used there. Both paid and volunteer labor was used. We recommend that this Cemetery be included with Pine Grove Cemeteries for regular care.

No work has been done on Chester Line Cemetery except the mowing of one Perpetual Care lot. As a minimum some light brush cutting should be scheduled for 1970. Possibly some volunteer labor can be obtained for this.

On the Ham Cemetery a minor lumbering operation will be required before this Cemetery can be restored.

While the Trustees were not involved, we call attention to the excellent start made by Edward Moulton in the rehabilitation of the Bean Hill Cemetery. We trust that this improvement will be continued.

A new Trust Fund was set up by the gift of the Raymond Industrial Associates. The amount was \$1,331.02. Interest on this Fund may be withdrawn by the Selectmen or their designate for Raymond promotional work.

Respectfully submitted,

EARNEST COTE

TOWN OF RAYMOND
SCHOOL DISTRICT WARRANT

To the inhabitants of the School District in the Town of Raymond, in the County of Rockingham, in the State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the High School Gymnasium in said District on the 7th day of March, 1970, at 9:30 a.m. to act upon the Articles set forth in this Warrant.

Articles 2, 3, 4, 5 and 6 of the Warrant, covering the election of Moderator, Clerk, Treasurer, two members of the School Board, and bonding on the new construction of additional facilities to the Raymond High School, will be acted upon at 10:00 a.m. and voting will be by official ballot and check list, and the polls will remain open for this purpose from 10:00 o'clock a.m. until at least 9:00 o'clock p.m., or such later time as the voters may determine. At 7:30 p.m. Articles 7 through 10 will be acted upon.

Article 1: To see if the District will vote to provide that the vote under Article 6 of this Warrant shall be taken by ballot as provided in Chapter 59 of the Revised Statutes Annotated between the hours of 10 o'clock a.m. and 9:00 o'clock p.m. of the 7th day of March, 1970, at the High School Gymnasium.

Article 2: To choose a Moderator for the ensuing year.

Article 3: To choose a Clerk for the ensuing year.

Article 4: To choose a Treasurer for the ensuing year.

Article 5: To choose two members of the School Board for the ensuing three years.

Article 6: Shall the District appropriate a sum not exceeding \$570,000.00 and raise the same by the issuance of bonds or notes of the District in accordance with the provisions of RSA Chapter 33, for the purpose of financing improvements of a permanent nature to the Raymond High School, to wit: The designing, constructing and equipping of additional building facilities to said High School and to authorize the School Board, in the name of the District, to enter into contracts, sign necessary documents and instruments, and to do all other acts and things necessary and proper to carry out any action authorized under this Article.

Article 7: To hear reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

Article 8: To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Article 9: To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents and for the payment of statutory obligations of the District, and to authorize the application against said appropriation for such sums as are estimated to be received from the State Foundation aid fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes of the Town.

Article 10: To transact any other business that may legally come before this meeting.

Given under our hands at said Raymond, this 20th
day of February, 1970.

JOHN A. ORNELL
FRANK G. CASE
EDWARD A. THOMPSON
RUBY G. COLLIGAN
SALLY L. PARADIS

SCHOOL BOARD REPORT

In the five year period from September, 1964 to September, 1969, our school population jumped from 602 to 813—an increase of 211 pupils. In the light of this unprecedented growth the School Board in March of 1969 appointed a Building Committee as authorized by the District at the March meeting. After three months of careful study and consultation with State and local school authorities and with architects and building contractors, a proposal was submitted to the School Board. With its strong endorsement, the Board submitted this proposal to the District at a meeting in June of 1969. It did not receive the necessary two thirds vote and therefore failed to pass.

With mounting evidence that the growth we are experiencing is due to continue at an even accelerated pace during the years immediately ahead, it remains essential that a building program be undertaken if we are to avoid chaos in our schools. Our failure to vote the addition last June means that in September of 1970 we will, of necessity, house two grades in the Little Red Schoolhouse—an ancient structure lacking toilet and other facilities. A third class will be housed in the basement of the Elementary School in quarters now occupied by the School Band. While it is hoped that this will provide sufficient space for the influx of students in September, it will necessarily be a temporary solution at best. If additional space is not available by September of 1971 then costly double sessions or a serious curtailment of an already minimal curriculum will be inevitable.

When considering a matter as great in scope as the building of costly additional facilities, it is the right and, indeed, the duty of every voter to seek out the facts, understand the problem and then to act, in concert with those responsible, to effect corrective measures. Unfortunately, there are those who, for reasons best known to themselves, have and will undoubtedly continue to make misleading and false statements concerning school needs in an effort to defeat a bond issue. Responsible voters should check out any stories that do not ring true and not be misled by them. Any school board member will be only too happy to answer any questions that voters may have.

Good schools do not come about without the individual efforts of those who believe in good schools. Of course there are conscientious voters who have differing views on, for example, building design, or whether we should build Elementary rather than High School facilities. Others may feel that we need a new Gymnasium or that we should be still pursuing the Cooperative Concept. But when the school Administrative Officials, the Building Committee and the School Board, after careful study of all alternatives, unanimously feel that the present plan best meets our needs in relation to the costs involved, then we feel that we merit the support of all those who recognize the urgency of providing the necessary housing to enable us to continue to give our youngsters that which is the birthright of every American child—a good public school education.

SCHOOL BOARD

SUPERINTENDENT'S REPORT

If the people of this nation ever subscribed to the concept of providing equality of educational opportunities, it has never been fully implemented. While some progress has been noted in the districts of Supervisory Union #53 from year to year, it has always been within the framework of the same basic program. It becomes particularly noticeable in the upper grades of the elementary schools, where boys and girls, whose interests begin to differ widely, continue to be subjected to the traditional academic program. With no opportunity to explore within broadened educational offerings, some young people become disillusioned about the values of education and, subsequently, never realize their potential.

Expansion of school programs depends upon facilities, equipment and teachers. For too long have we stood by complacently and allowed schools to be built without first determining what we should build. The reason for this is simple of explanation: Providing specialized facilities is more costly than building traditional academic classrooms; the less expensive the plan, the easier does it become to sell. In deference to the local taxpayer, the priorities of a child's right to an education become subverted. This is not to be construed that the individual property owner is opposed to good education: he rightly stands in opposition to assuming a disproportionate share of the tax load.

The time has come—if we really believe in equality of educational opportunity—to change our thinking about taxation. Based on an antiquated tax structure, providing for schools and all other phases of town

government. the local citizens are finding it increasingly difficult to maintain the status quo, let alone improving services. As states have had to seek help from the federal government, it becomes increasingly mandatory that the towns and cities turn to the state. The big question here is with regard to the method of providing additional revenue. While no particular kind of tax reform is advocated in this report, one needs only to look at the differences in wealth amongst the towns of New Hampshire to appreciate that there are differences in what can be provided for education. The districts that make up Supervisory Union #53 had the following amounts of equalized valuation per pupil in 1968 :

Allenstown	\$44,750
Candia	16,268
Deerfield	30,693
Hooksett	30,623
Pembroke	23,277
Raymond	21,974

The equalized valuation per pupil for Allenstown would be considerably lower if all children attended the public schools; a truer figure might be about \$20,000. The state average was \$35,510.

An examination of the wealth in some of the other towns makes it very evident that there is an uneven distribution:

Bow	\$143,259
Meredith	75,343
Newington	179,158
Moultonboro	232,642

Education is a function of the state and it would seem that steps to relieve the communities of the bur-

den they have been carrying are long overdue. Not only is the state in great measure ignoring its financial responsibilities, but, through standards imposed by the State Board of Education, even greater demands will be placed on the towns. Placing the blame on the state for not distributing wealth more equitably is to ignore the fact that it is up to the local representative to agitate for tax reform in the General Court. Until such time as this occurs, heavier demands will continue to be placed on the local taxpayer, with no appreciable improvement in local education.

This is my last report and I want to take this opportunity to thank the members of the school boards, as well as those citizens who have served on numerous committees over the past years, for their support. I trust that my efforts, though seemingly small at times, have had some impact on the total educational program.

ROLAND L. SCHOEPP
Superintendent of Schools

PRINCIPAL'S REPORT

To The Superintendent And The School Board :

In last year's report, I mentioned the fact that we were undertaking a self-evaluation and a systematic survey of needs. I would like, at this time, to report on our findings relative to building, curriculum and equipment needs.

The original high school wing was built in 1958-59, as a five room addition, and a shop facility. Enough money was saved in the letting of the contract to provide for two additional classrooms. No decision was made on what part of the school population this addition would house until completion. Hence, it was not really planned for a high school but simply as additional space—with the exception of the shop.

Determining capacity for a high school has to be done with the curriculum in mind. The curriculum is varied and the percentage of space utilization is often less than one hundred per cent. As a matter of fact, the percentage of space utilization for the small to medium sized secondary school is estimated, at optimum, to be eighty per cent. This comes about by reason of the fact that students carry fewer subjects than there are periods in the day, many subjects are elective and therefore class sizes vary from one period to the next. Some spaces may not be used every period, hence lowering the rate of utilization and operational capacity.

On planning a high school it is most important to determine first the type of curriculum to be offered and to build a building to fit the needs of the curriculum. We have been forced to make the curriculum

fit the building, and it should be the other way around.

We would be operating at optimum capacity at present if we had the two rooms now occupied by the two sixth grades in the Houghton Wing. Without these two rooms the facilities available to us for grades seven through twelve are overcrowded by sixty-eight students.

Following is a partial list of present deficiencies :

The library is fast becoming the "Materials Resource Center" for any school. This means that it is no longer simply a repository for books. It should contain all of the resource material for learning, including, periodicals, filmstrips, tapes, records, transparencies, and microfilms. The librarian should have an office, storage area, a work area for processing materials, and a room for teachers and students to create learning materials. Conference rooms should be available for conferences, for listening to tapes, records and previewing films and filmstrips. The present facility accommodates approximately seven per cent of the current enrollment comfortably, at one time. It should provide for the accommodation of twice that number as a minimum.

In new school building the old study hall concept is being replaced by the resource center. This means that in addition to the library each department would maintain a resource area of its own.

We currently assign four areas of study to shop, including: woodworking, electricity, sheet metal and welding, and mechanical drawing. Part of the floor area is taken up by storage for woodworking supplies. Space and equipment is not adequate for the job we should be doing.

The State Department of Education has recommended for the past seven years that we expand our offerings in shop. Last year we recommended the inclusion of an electronics course which would be available and relevant to students electing physics, but to no avail. Employment opportunities in the greater Manchester area would indicate a need for this type of vocational-technical training. It further seems to us that this fact alone should give an expanded shop offering a very high priority.

The extent of the present science facility is one and one-half rooms for a classroom-laboratory and storage space. Yet we attempt to offer a complete four year science curriculum, including: General Science, Earth Science, Introductory Physical Science, Biology (General and College Prep), P.S.S.C. Physics, General Physics, General Chemistry and Chems Study Chemistry. There is little or no space for students to work on projects in their spare time. And obviously not all classes can be held in the laboratory. Therefore we must juggle classes for laboratory time, for some, not all classes, during the week. The junior high has a single classroom station for five classes with a mobile laboratory unit purchased with Federal Funds.

The present gym-auditorium is completely inadequate, as either. It is used as a single teaching station, since it is not large enough to use a space divider. The space is not adequate to handle a minimum required program. Phys. Ed. is presently offered on an elective basis to two classes daily plus one class of junior high students. Elementary grades, with the help of high school students (phys. ed. students), are able to get into the gym at least one afternoon a week.

The effects of the present inadequacy is elimination of a full time physical education program, no intramural program, doubling-up of classes, and the impossibility of doing anything during the day in dramatics. If it is used for high school assembly in the afternoon the elementary children lose their phys. ed. period.

In the case of foreign language and art, these two share the same teaching station. Need we say more.

As an interim emergency procedure it is being contemplated that the music room will be sacrificed to make elementary classroom space. This will further complicate the use of the gym, since this is where music instruction will take place if music is forced out of the music room.

The current space provided as a guidance office does not allow for the leisurely perusal of materials by a student, since there is not room for materials in the office. Nor is there adequate waiting room space, for the guidance function.

"Never before has attention to the individual as a person been so imperative."

If public education is to be predicated on the belief that there must be equality of opportunity, then it behooves you and me to think in terms of the interests and abilities of each individual who crosses our threshold as we make decisions relative to appropriate program for our secondary school.

Sincerely,

JOHN J. CALLAGHAN

Principal

REPORT
OF AN EXAMINATION AND AUDIT
OF THE ACCOUNTS
OF THE
RAYMOND SCHOOL DISTRICT
FOR THE FISCAL YEAR ENDED JUNE 30, 1969

Made By
The Division of Municipal Accounting
State Tax Commission
August 27 - 29, 1969

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS AND RECOMMENDATIONS

September 15, 1969

The School Board
Raymond School District
Raymond, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Raymond School District for the fiscal year ended June 30, 1969, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1968 and June 30, 1969, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$20,886.34 during the fiscal year ended June 30, 1969.

Analysis, Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibit C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1969, are presented in exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$6,034.00, less a net overdraft of appropriations of \$3,739.93, resulted in a net budget surplus of \$2,294.07.

Summary Statement of Receipts and Expenditures: (Exhibit E-1)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1969, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1969, is included in Exhibit E-2.

School Tax Account: (Exhibit F)

Exhibit F presents a statement of the School District Tax account with the Town of Raymond. As indicated therein, as of June 30, 1969, the School District had received the total of the 1968-69 School Tax in the amount of \$269,852.35.

Statement of Bonded Indebtedness: (Exhibit G)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1969, showing annual debt service requirements, is contained in Exhibit G.

GENERAL COMMENTS**Current Surplus:**

The current surplus (excess of total assets over current liabilities) decreased by \$1,113.66, from \$3,397.05 to \$2,283.39, during the fiscal year ended June 30, 1969, as shown herewith:

	6/30/68	6/30/69
Total Assets	\$9,363.05	\$8,124.32
Current Liabilities	5,966.00	5,840.93
Current Surplus	\$3,397.05	\$2,283.39

The records of the Student Activities Funds were incomplete. Expenditures in the various columns were not totaled to indicate yearly disbursements, etc., therefore, these records were not audited at this time.

Also, the records of the School Lunch Accounts were not available for audit.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Raymond School District for their assistance during the course of the audit.

Yours very truly,

O. MAURICE OLESON
Director

Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson, Auditor
Richard L. Hornbeck, Accountant

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

September 15, 1969

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Raymond School District for the fiscal year ended June 30, 1969.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the School District as of June 30, 1969, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted

O. MAURICE OLESON
Director

Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson, Auditor

Richard L. Hornbeck, Accountant
